

COWORK XPERIENCE:

INTRODUCTION

In a place full of dreams...**very real**, there is the Atelier Maravelles, which will open its doors with excitement, to receive a very special group...Prepare yourself to live a creative, fun and different experience!

ACT 1

As if it was magic, we will create, from a simple t-shirt, a complete wardrobe. With this adventure, each person will define the structure and the shape of its own piece.

In between laughs, talks, and complicity you will sign your own **pieces, clasps, overlays, happy buttons, divine lace edgings** and other delights. Traditions and modernity weave together with a complete and absolute personality.

ACT 2

And suddenly...**color explosion**. We will dive into a passionate exercise,

bombing or silk-screen printing colors in the wind in order to create **original prints, images or trademarks** for our own pieces of clothing. At the same time we experience unique, wild and spontaneous moments, to free our emotions...

At this precise moment, our garments will be ready to be lived and a warm sensation will surround us, together we will have accomplished it!! We are a team; full of energy to conquer the world!!!

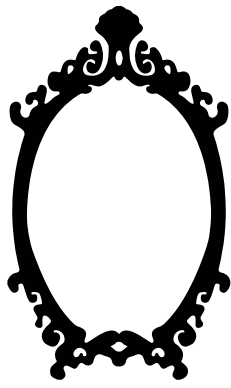

ACT 3

Bubbling **toast** with luxury cava, lots of colorful confetti, **memory picture** in a daydream place...
